Death Rate Normal Despite Depression

By MELVIN LORD

SACRAMENTO, Oct. 23—(UP)—While health authorities were fighting abnormal conditions as a result of the depression, California's death rate remained normal.

A report of the state department of public health shows there were 35,122 deaths in California during the first six months of 1933, as compared with 34,341 deaths for the frist half of 1932.

"This is an increase of 781 deaths which is about normal in consideration of the natural increase in population," the report pointed out.

In Nevada county there were 86 deaths during the first half of 1933 as compared to 82 during the same period in 1932.

"For some unknown reason, fewer deaths occurred in most of the northern counties, particularly Colusa, Contra Costa, Humboldt, Lake, Mendocino, Merced, Placer, Sacramento, San Benito, Shasta, Tehama, Trinity and Yolo," the report stated.

"In Glenn, Modoc, Orange, San Luis Obispo, Santa Cruz and Sonoma counties the number of deaths remained practically stationary. Increased numbers of deaths occurred in all of the other counties with the exception of Imperial. It is probable that the extensive migration of Mexicans totheir native land has had a distinct bearing upon the reduced number of deaths in this county."

Statistacs of the department show that suicides increased at about the same rate. A total of 869 persons killed themselves from January to June this year, as against 824 in 1932, an increase of 5 and one-half per cent.

"As is always the case, firearms were used more often for self destruction. Few suicides resorted to hanging, but more individuals used poisons, poisonous gases and cutting or piercing instruments. The number of persons who resorted to drowning remained about the same," the report said.

DOE AND TERRIER, PALS, FIGHT OFF TWO HOUNDS

....CAMPTONVILLE, Oct. 23—W. F. Shafer, who resides near Freeman's Crossing, has two pets, one a fox terrier, and the other a doe deer, the latter having been about his camp for the past several years, and being so tame that one can pet it, and it goes about with a ribbon and bell about its neck. During this time, it has became very friendly with the fox terrier, and they go about together.

Saturday noon as Gene Hays, local driver of the Marysville stage, was coming up the Marysville road, he observed the deer with it's companiable fox terrier having a battle with two large hounds. The little dog was fighting for all it was worth to protect his pal, and the deer was defending itself with its front feet, but the hounds were almost too much for them at which time the battle was forciably drawn to a close.

The deer and the dog, both wit hongues out and panting from exhaustion from the fight, went slowly side by side, down the highway toward the Shafer camp.

Grass Valley and Auburn sent fire trucks but by the time they arrived the building was nearly gone, and the local fire force had the situation well in hand.

The Lobner building was the largest in Colfax.

VARIED PROGRAM FOR QUARTZ GOLD FETE

More significant than either of the past two Quartz Gold Discovery celebrations will be the third annual event in Grass Valley October 28-29, in view of the entire nation having gone gold-conscious in the past year.

The position of this county as the local point for the greatest gold mining activity in the United States lends color and atmosphere to the two day celebration, which will be carried on more expansive lines than heretofore.

George McKnight's accidental discovery of the Gold Hill lode in October, 1851, will be recounted again at the actual site of the "elbow" outcropping on Gold Hill, Sunday afternoon, October 28, at 2 p. m. The The Gold Marker exercises will complete the celebrations and take care of the more formal aspects of the observance. WASHINGTON GRADE REST HOUSE BUILDING

Joe Lopez, who has the mail contract between Nevada City and Washington, purchased a truck load of lumber from the Nevada County Lumber Company last week and is constructing a cottage for his stage drivers and relief men at the Central House at the top of Washington grade.

The Washington grade is one of the worst in the high mountains in winter time. A mail stage takes mail up the Tahoe-Ukiah grade to the Washington road, and from there a sleigh and horses carry the mail about two miles or as far as they can go. From there a carrier on skiis makes the rest of the trip down the steep mountain.

Jack F. Hopkins, one of the North Bloomfield C. C. C. camps boys, was brought to the Nevada City Sanitarium Friday by Dr. Hummel, First Lieutenant in the U. S. TWO DRUNKEN DRIVERS ENTER GUILTY PLEA

Both pleaded guilty and asked probation. Judge Tuttle set the matter over to November 3, and directed the probation officer to investigate the two cases and report.

WELL, ANYWAY IT WAS NICE DAY TO RIDE AND A GOOD CAR TO DRIVE

T. E. Dobie, former resident of North Bloomfield, and his friend George Busher of San Francisco, driving through Nevada City, Nevada City, thought they would stop for a few minutes and chat with Judge W. L. Mobley, an old friend of Bobie's. They parked their car in Pine street, near the doorway to the justice of the peace. It hpapens that parking is forbidden on the north side of the street, but they did not see the sign.

One yarn lead to another and they were recalling old times, one old time after another, and when they came down at the end of a couple of hours or so, their Packard roadster was gone. They notified Chief of Police Robson, the sheriff and a good many other people of their loss, and then went to bed at the National Hotel, hoping the car would be picked up somewhere. They left by bus early yesterday morning.

It happened that City Clerk G. Galanan, noticed the car parked on the wrong side of the street, hampering traffic, so finally, being a city official, and, as everyone knows, a Good Samaritan at heart, he finally moved the car just around the corner on Spring street, thereby saving the two an appearance before the city judge, and also assisting in keeping the street clear for traffic.

But the sad part of this little story is that, when he learned Dobie had sent out notices that his car was stolen, the city clerk felt that he just had to take that car down to Sacramento. But anyway it was a nice ride and a good car.

And the question just naturally rises in anybody's mind, where in the world was Chief of Police Robson all this time? And why didn't he see that Pine street traffic was blocked and do something about it?

DULL DAY LADY YAWNS AND DISLOCATES JAWS

Sutton, of Downieville could get here and put them back in place. Although she is able to be at her office, sh ehas to keep her jaws bound and cannot do much talking or eating for a few days. Her many friends sympathize with her at this predicament.

WEEKLY COMMENT

By
CHRISTIAN ANDERSEN

On the Armistice day card distributed by the veterans this year, there is a picture of George Washington, Frankiln D. Roosevelt, Abraham Lincoln, they appear on the card in the order named. Below the pictures appears this inscription: "Let us have faith in America," which of course means, "Let us have faith in ourselves for are we not America?"

There is a small orchard out on the road to San Juan. The gateway on the property is closed with barbed wire entanglements, and nailed on a post written on the inside of a shoe box cover is this—"Epitaph—Do not enter this property, if you do you will be shot without notice." Think of it, friends, being shot without notice, how humiliating.

Wee Chinese "Smiley" passed to the land of his ancestors last week and was buried in the little cemetary on the hillside at San Juan. Smiley had none of this world's goods but he had the personal attributes of kindness and charitable intentions toward everyone and his funeral was as great as any millionaire could wish.

The other morning as I came up Commercial street I heard this conversation between some building mechaincs, one said: "Well I see that the barbers have raised the price of haircuts to 65 cents. I guess we will get our hair cut shorter and then we won't have to get it cut so often. 65 cents for an ousley haircut I will get a pruning shears and have my wife cut it." He talked like he meant it, and the rest of them made remarks similar in character.

swered the other one, "Before I pay I think that is too high." "Well an-

An advertisement in the Marysville Appeal Democrat seems just a bit too cryptic: It reads: "Bed Springs $4.95, 80 coil springs. This won't last long."

Sunday was the boys seventh birthday and among the remembrances received, Robinson Crusoe held the attention the longest and away beyond his accustomed time for going to bed. He sat on the sofa very close to his mother while she read to him. Never once did the interest lag and believe it or not I enjoyed it as much as he did.

My wife and her father are playing their mandolins both being professionals. I am sitting here entranced with the music, just now playing Raff's Carvatina. Sorry it came to an end but here goes:" Yo Vivo y Amo" by Campana. Wait a minute, there's "In Meadows Green," I do not know the composer of that one. But one thing is certain the classics like those just mentioned, are what makes music worth while. Jazz is not in the picture.

Among the specialty food places in California, one would be delinquent if failing to mention Pop Ernst's at Monterey. His Tbalone preparations can certainly be mentioned among the best. But the piece de resistance is to hear Pop speak of those d-aa-leec-ē-ous abalones and to hear Pop describe the abuses to which the abalone is subjected by other people would almost make a wooden Indian cry.

DOWNIEVILLE CITIZEN WRITES TO DEFEND BOYS AND GIRLS OF TODAY

Downieville, Calif., Oct. 18, 1933.
Editor of Nevada City Nugget:

Anent the article appearing in a recent issue of The Mountain Messenger, entitled, "Are Parents Taking Back Seat for Youths," I arise to remark that I too am a lover of Sierra county, but I have neither love nor respect for a sheet that by veiled innuendo and insinuation casts an unjust reflection upon the youth of our county.

It is an old adage that, when the narrow-minded and bigoted reaches that period of mortal existence when the pleasures of life no longer appeal to him, he becomes a reformer and a self-appointed criterion of the acts of others. It is evident that "Reader," the purported author of the afore-mentioned article, is of that type, for the article shows every evidence of acute senility. When we scan the past lives of many of these reformers, we sometimes find that their early lives have not been lily-pure. Maybe we find that they have run out on the girl who trusted them not too wisely but too well, or have forsaken a faithful wife. Were "Reader" to let his memory flare back for sixty years to the days of his youth and take an honest inventory of his life at that time he would find that the youth of today have as high standards of morality as the youth of his day. Perhaps, he draws the mantle of sweet charity over the frailties of his past on the theory that he never had but one weakness and nature has overcome that.

On the insinuation of forced marriages, it might be informative to "Reader" to learn that, within the memory of the oldest inhabitant, there has been none such within our county, except one, and, in that case both of the parties were from the Ozarks, a territory of which the "Reader" has probably heard.

The people of Downieville know our boys and girls, and were it not for the impression that people who do not know them might get, no attention would have been paid to this annoymous publication, for the youth of our day need no defense, and I have no fear as to their future conduct, having full realization, that they will most creditably assume their duties as the Queens of Our Households and the Arbiters of Our Nation's Destiny in the years to come.

One who has an Abiding Faith in the Boys and Girls of Today.

YELLOW JACKET'S LOSE 21 TO 7

By THE CUB REPORTER

In a fast, fighting game, in which long runs and longer passes and punts were the keynote. Roseville B's swatted the Nevada City Yellow Jackets to the tune of 21 to 7.

As Roseville kicked the starting line up for Nevada City was:

Right end—Ray Steger.
Right tackle—Jack Clark.
Right guard—Gene Thomas.
Center—R. Rozynski.
Left guard—M. Doolittle.
Left tackle—Fred Browning.
Left end—Gove Celio.
Quarterback—Bob Tamblyn.
Left half back—Tom Doyle.
Right Half back—Don Budi.
Full back—Ralph Pierce.

Nevada City ran the ball back to its own thirty, where the ball was fumbled by Tamblyn on an off-tackle buck. Roseville began a short quick march ending on Nevada City's ten, where Roseville lost the ball on downs. Nevada City kicked. The kick was blocked by Roseville, but Nevada City recovered again the Yellowjackets kicked, but the once sturdy Nevada City line let in the Roseville linesmen like water through a sieve. The kick was again blocked and this time Roseville got the ball. Here, on the ten yard line Roseville held Nevada City for a few downs, then Roseville trampled over a Nevada City line for their first touch down. The scoore: 7 to 0.

Roseville kicked off and the ball was taken by Nevada City to its own thirty-five yard line.

Roseville at this point brought into action a number of fast tricky plays, which so bewildered the Yellowjackets that when they got the dust out of their eyes the score was Roseville 14, Nevada City 0.

Roseville kicked to Nevada City where-upon the Yellowjackets acted for the first time as if they might have had a sting. Nevada City worked the ball down the field, Tamblyn running around to opposing ends for substantial gains. At this point Tamblyn was hurt and carried off th efield and the half whistle sounded.

Nevada City kicked to Roseville's twenty-five, from which Roseville rushed it to Nevada City's fifty-five on a long pass. Doyle intercepted Roseville's next pass, and after holding the ball for two downs, Nevada City punted and held Roseville where Roseville received the punt until Roseville kicked to the fifty.

In the third quarter Celio caught a pass on Roseville's five yard mark, from where the Yellowjackets shortly stung the Roseville B's for seven points. The score: Roseville 14, Nevada City 7.

In the last quarter, a series of long passes and kicks were climaxed by Roseville scoring another touchdown and converting in. The final score: Roseville 21 Nevada City 7.

"In some of the plays," said Coach Bev Barron, reviewing the game, "the local boys were so slow and so bungling that a grammar school team would have made them look silly. On the two triple pass plays that they tied, all the Roseville linesmen had to do was walk in and push over three scatterbrained kids fumbling over the ball. The teams as a whole behaved unsatisfactorily. The game that Steger and Celio, the ends, played was the most creditable. The line resembled a wide meshed net letting fighting fish through to freedom."

Bill Kirkham, supported by student fans, led several yells. Franklin Tuttle was present as manager.

Mrs. Teresa Jenkens of Sacramento spent a week in Nevada City visiting with Mrs. B. Smith. leaving for her home Wednesday.

LUMBER TALKS

THREE LITTLE SHIPS

Three little ships put out to sea
Pinta, Nina y Santa Maria;
They were trig and trim as they well might be,
Pinta, Nina y Santa Maria;
The ocean was wide, uncharted too,
But their timbers were strong and ffrm and true.
So bravely they spoke their -- "toot a loo;"
Pinta, Nina y Santa Maria.
Oh, the sea was big when the land grew dim,
Pinta, Nina y Santa Maria;
But there was the captain-they trusted him,
Pinta, Nina y Santa Maria;
They knew he would surely find a way,
To anchor them safe in some sunny bay,
So they sailed right down by night and by day,
Pinta, Nina y Santa Maria;
And what did they find when the voyage was o'er,
Pinta, Nina y Santa Maria?
Why, a brave new world, and a smiling [illegible]
And this is [illegible] we cherish still,
When burden[illegible]s our moments fill
There is alw[illegible] where there is a will.
Pinta, Nin[illegible]ia.

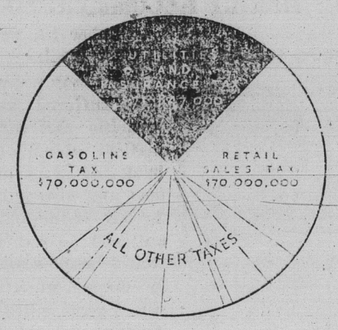
"UTILITY TAXES take State *out of the red*"

THAT was the headline which many newspapers used for an article sent out in news dispatches from Sacramento on September 20th.

State Controller Ray L. Riley announced that day that payment of Seventeen Million Dollars in taxes by California utilities had given the state's general fund a favorable balance for the first time in many months.

It permitted him to return three million five hundred and fifty thousand dollars which had been borrowed from the highway fund to avoid the registration of general fund warrants.

This is merely one indication of the importance of your utilities to your state.



SACRAMENTO, Sept. 20.—(UP)—Payment of $17,600,000 in taxes by California utilities resulted in the state's general fund showing a favorable balance for the first time in many months, State Controller Ray L. Riley announced today.

With receipt of the public utility tax payments, Riley immediately ordered return to the highway fund of $3,550,000 borrowed to avoid registration of general fund warrants. This transfer reduced to $3,400,000 the general fund's debt to special funds.

The above refers to the first payment made to the state's general fund for the fiscal year 1933-1934. A second payment will be made in March.

Out of every dollar you pay to Pacific Gas and Electric Company for your electric service, 14.5 cents represents taxes. Of this 14.5 cents, 9 cents goes to the maintenance of your state government.

In the next two years the state's tax income from the utilities and the insurance companies will be $71,847,000. That is nearly 25 per cent of the state's total revenue. It is more than the $70,000,000, or 24 per cent, which is estimated to be obtained from the retail sales tax.

The utilities do their part—and a large part it is—in the support of the California state government.
